A RANGE OF UPGRADED PARTS AND ACCESSORIES.

Our Aftermarket range includes Radiators, Intercoolers, Condensers and Headlights. ACM Aftermarket partners with market-leading brands that manufacture upgraded parts and accessories in lighting and cooling. Each part is sourced from renowned industry certified suppliers, ensuring it meets or exceeds the OEM equivalent in quality, fitment and functionality.

Brands we distribute:

Get more from your parts.

ACM Parts Launches Aftermarket Range

ACM Parts is partnering with market-leading brands to offer a new range of aftermarket automotive parts and accessories. The ACM Aftermarket range currently focuses on cooling and lighting products, including radiators, intercoolers, condensers and headlights, but will continue to expand. Each part is sourced from renowned industry certified suppliers, ensuring it meets or exceeds the OEM equivalent in quality, fitment and functionality.

Brands currently being distributed include Hella, BorgWarner and Valeo. Each offers an Aftermarket range of Original Equipment Supplier (OES) parts. This means they are made in the same factory, to the same specifications, as their OEM counterparts. Because ACM Parts partners with industry-leading suppliers, you can trust that ACM's Aftermarket range is focused on quality and reliability. You can rely on every part to meet all the OEM lifecycle performance standards — offering repairers an easy, fast, and cost-effective solution for sourcing parts.

Quality Assurance, Guarantee

All of ACM Aftermarket parts include a 12 month guarantee: in the unlikely event a part fails, ACM Parts will cover the cost to replace the part.

Aftermarket Cooling Range

BorgWarner is a global product leader in clean and efficient technology solutions for combustion, hybrid and electric vehicles. Their expanding range currently consists of radiators, condensers and intercoolers to suit a wide range of makes and models.

Aftermarket Lighting Range

ACM Parts has partnered with Hella and Valeo to offer an extensive range of aftermarket lighting options. The range focuses on headlights to suit many European makes and models including Audi, Volkswagen, Mercedes, BMW and Renault.

IT IS OUR MISSION TO REDEFINE REPAIR

ACM Parts is Australia's largest provider of alternative and specialty parts to the automotive repair industry, keeping vehicles on Australian roads. We support better ways to repair vehicles by providing a choice of options to extend the life of a vehicle. Providing customers a comprehensive range of Reclaimed, Genuine, and Aftermarket parts to suit your repair needs.

Setting the standard for service, product availability and quality assurance for the repair industry. Our unique and integrated model allows ACM Parts to control the supply chain of parts through ACM Parts dismantlers, demand tracking, and warehouse capabilities.

We offer our customers an easy, fast and cost effective solution for sourcing parts, which is backed by our limited lifetime guarantee. Visit our website for more information.
